

# TRACOM FOB-A02 FIBER OPTIC ENCLOSURE

P-FOB-A02

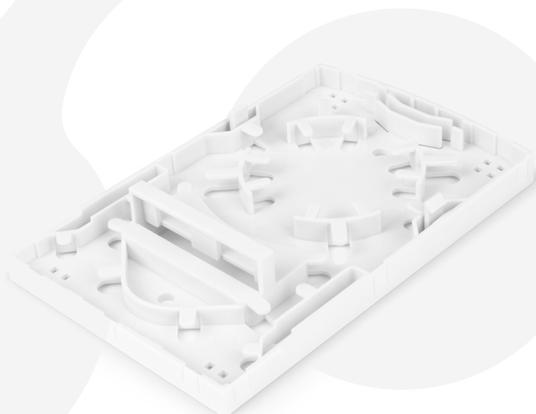

A fiber optic enclosure featuring space for two SC SIMPLEX adapters (or LC DUPLEX adapters) and two splices (four in case of double arrangement).

This fiber optic enclosure is a versatile solution for telecommunication installations and server rooms, especially in locations with limited space, where a large number of fibers at a single point is not required. It has an IP31 protection rating.

**The set includes:**

- Mounting screw
- Splice protectors

**Product Information**
